

Kindergarten at Lincolnville Central School

A large, stylized white letter 'K' is positioned on the left side of the page, partially overlapping a vertical white bar. The 'K' is bold and blocky, with a thick vertical stem and two diagonal arms that meet at a sharp point.

Kindergarten went from 2011 to 2012. Our teachers were Mrs. McKittrick and our Ed. Tech was Mrs. Dennison. There are 16 of us who were from the original Kindergarten class. Some of us participated in the school play, which was The Wizard of OZ, and most of us that were in it were munchkins. At the end of the year, we lost Jazmyn and Ryan. We were Mrs. McKittrick's last class before she retired. In Kindergarten, we watched caterpillars grow into monarch butterflies. Once they were butterflies, we released them outside. That was a fun experience. We also started to learn how to read, write, and spell simple words. We had a great first year at LCS.

First Grade at Lincolnville Central School

First grade was during the years of 2012 and 2013. Our main teacher was Mrs. McWilliams and our Ed. Tech was Mrs. Cummons. In first grade we gained Chloe. First grade was a pretty fun year, where we learned how to do some addition and subtraction, and more advanced reading than Kindergarten. We also started having spelling tests. In first grade, we took various fun field trips to the apple orchard, and to some beaches. We had a good time on those field trips. By the time we got to first grade, we started to know our way around LCS very well. We also participated in our first Read-A-Thon, where we were allowed to wear pajamas to school, which I really enjoyed. First grade was a fun and exciting year of our LCS journey.

Second Grade at Lincolnville Central School

Second grade was a super fun year for numerous reasons. Our teacher at the time was the fabulous Mrs. Burns, who loved collecting Barbies, and we had the help of Mrs. Lang. At the beginning of the year, we gained two new students - Jackson and Davian. We did morning work packets every single morning as well as two pages in our reader-writers notebook (kudos to Mrs. Burns for improving everyone's spelling). This was also the last year that we participated in the annual Halloween parade. The play that year was Annie, and many of our classmates were in it. This was also the year that we did the salmon project with the 7th grade. Halfway through the year we had Ciala come, who had come in previous years, only to leave again a couple weeks later. Nathan also joined our class at the end of the school year. Second grade was a year to remember.

Third Grade at Lincolnville Central School

A large, stylized white number '3' is positioned on the left side of the page, set against a solid blue background. The number is bold and has a slight shadow effect.

Third grade was a great year of LCS for us. We had three new students at the beginning of the year, which were Kathryn, Judah, and Avery L. We had lots of field trips throughout the year to Windward Gardens and did lots of fun things like making corn husk dolls. There was a lot of class drama in 3rd grade, but it was easily resolved. Davian left our class around December. The play for the year was Blather, Blarney and Balderdash, and it was a very good one. Near the end of the year, we also got to welcome Mateo to our class.

Forth Grade at Lincolnville Central School

A large, stylized white number '4' is positioned on the left side of the page. It is set against a solid blue background. To the right of the number is a vertical white bar that extends from the top of the text area down to the bottom of the page.

One of the most exciting years of our time at LCS was fourth grade. Mrs. Coombs was a great teacher filled with lots of energy and enthusiasm, and we had multiple fun things going on throughout the year. Hayden and Dylan were both welcomed to our class. The school play for the year was Elf, and it went pretty well. During this year, we had a type of currency called Coombs Coins, that at the end of the year we traded for goodies. We also played Homeworkopoly, which is a game like Monopoly that you get to play if all of your homework is done. We also had multiple field trips to Merry Gardens.

Fifth Grade at Lincolnville Central School

5 Fifth grade was a crazy year, as it was in the middle of elementary school and middle school. We were still in the elementary wing, but we played at recess and ate at lunch with the middle schoolers. Mr. Blackman taught us a lot of stuff using a character called Fred, who had a book series called Life of Fred that taught math to us. Ryan, Kiera, Skye, and Angel joined us this year. We were also on our computers a lot for almost everything we did. The play was probably the best one: The Lion King. One of the most memorable things from fifth grade was the trip to the Portland Science Center, which we got to go to on a tour bus. Overall, it was a great year.

Sixth Grade at Lincolnville Central School

It was our first year in middle school, so we had laptops, separate homerooms, big lockers, rotating classes, and no more library, computer, guidance, and music classes. We had one new student come, who was Bella. This was the first year we could do school basketball and soccer (we won championships in soccer in sixth grade!!). We had four different teachers for each subject, which were Mrs. Russo for ELA, Mrs. Spearing for math, Mr. Edes for social studies, and Mrs. Stevick for science. We also had Mr. DePatsy for gym, Mrs. Cooper for art, Madame Butler for French, and Mrs. Mathieu for those who did band/chorus. I remember making crepes in French class that year and using the recipe to make them for Mothers' Day.

Seventh Grade at Lincolnville Central School

Seventh grade was a great year and full of memories that could last a lifetime. First off, we had a few new students: Haydee, Yosh, and Alana...and we also had a new teacher, Mrs. Michaud. We went on a few class trips including the Farnsworth project. Closer to the end of the year we were getting prepared for eighth grade and what it was going to be like. We were also talking a lot about high school, which was crazy to believe, because we were only in seventh grade.

Eighth Grade at Lincolnville Central School

Our 8th grade school year began with the staff from Camp Kieve greeting us on our first day of school. This year, many of us continued to have the same Middle school teachers, but as 8th graders we got to work closely with Mr. Edes as our 8th grade coordinator. Mazy joined as a new LCS student and we welcomed Mrs. Ittis as the new band and chorus director. LCS, once again became the Northern Division Busline League Soccer Champions, and both the boys and girls basketball teams advanced to the Northern Division Busline League finals. This year was also unique because of the Covid-19 pandemic which led to virtual learning and the cancellation of both the traditional Quebec trip and an 8th Grade graduation ceremony. Instead, we are celebrating virtually!
